

INGREDIENTS WITH YOUR WELL-BEING IN MIND

SKIN BENEFITS

ethyl alcohol denatured

Kills 99.99% of most common disease causing germs. Grain Derived, USP grade – extremely high purity, low odor. Recommended by FDA as Category I active ingredient, which means it's safe and effective when used as directed.

cellulose thickener

Cotton-derived cellulose. Dries non-sticky and forms protective barrier. Leaves one's hands feeling silky smooth.

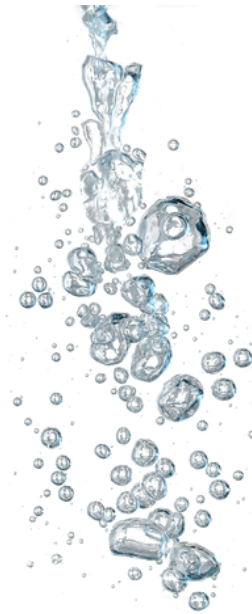

naturally distilled lemon oil

Provides broad spectrum anti-microbial protection. Nourishes, cleanses & moisturizes your skin.

vitamin e acetate

Once on your skin, turns into pure Vitamin E oil. Moisturizes and protects your skin. Prevents skin from drying. Anti-oxidant that protects your skin from UV. Certified free from Hydroquinone. Preservant free.

active oxygen (hydrogen peroxide)

Broad spectrum antibacterial properties, kills alcohol resistant germs.

vegetable glycerin

An extraordinary humectant & natural lubricant that offers a smooth and soft feel once applied.

castor oil derivative

Light & dry emollient facilitates drying leaving one's skin soft and non-sticky.

linalool acetate

Extracted from lavender, a hint of this oil is the only fragrance used in our hand sanitizer. Known to reduce feeling of anxiety and instill calmness.
